HOW TO USE THIS PLAYBOOK

- Everyone reads 01 and 03 first. They take five minutes and they decide what gets posted.
- The person approving posts lives in 03 and 09. The person posting lives in 04, 05 and 06.
- Community Partners receive 03 plus the partner note in the copy pack. Nothing else is required of them.

The copy pack (captions, messages, subtitles) and the PR pack (release, pitches, factsheet) ship alongside this document.

01 THE ONE MESSAGE.

START SMALL. ENTER THE ECOSYSTEM.

Everything in the launch points at a single idea: Nodal Gateway is the entry into the NodalWaves ecosystem, and it can start with **\$10 in NODAL**. We sell the ecosystem and the first step. We do not sell the \$10, the promotion, or any outcome.

If a post cannot be traced back to that sentence, it does not go out.

02 WHO WE'RE TALKING TO.

18 TO 30

Digitally native, finding this on a phone.

APPS & GAMES

Comfortable with progression, XP and identity.

SMALL BUDGETS

\$10 is real money. Treat it that way.

HYPE-TIRED

Good instincts for being shouted at by crypto.

Every asset is built to pass their first-glance test: calm, clear, specific, honest about risk. They may not know Web3 words, so we do not use them.

THE JOURNEY WE ARE DESIGNING FOR, IN ORDER

CURIOSITY

PURPOSE

SMALL ENTRY

UNDERSTANDING

ECOSYSTEM

IDENTITY

PROGRESS

BELONGING

TRUST

ACTION

Not offer, referral, income, rank, buy. If a post skips straight to action, it is in the wrong order.

03 LANGUAGE RULES.

NON-NEGOTIABLE

SAY

- Nodal Gateway, the NodalWaves ecosystem, NODAL
- "a qualifying \$10 purchase of NODAL"
- "committed for the 24-month participation period"
- "promotional NODAL" or "an additional allocation equal to the quantity you purchased"
- "layers roll out in phases; features, availability and timing may change"
- "Crypto assets involve risk. No guaranteed value or return."

NEVER SAY

- ✗ match, 1:1, matched, double, "\$10 becomes \$20", free money
- ✗ airdrop, giveaway (the allocation is purchase-linked, see 11)
- ✗ any future price, target, multiple or return
- ✗ income, earnings, passive income, financial freedom, get rich
- ✗ guaranteed, risk-free, safe investment
- ✗ rank names, percentages or level counts on launch channels

tone

Short sentences.

One idea each. Read it out loud before it goes.

No exclamation marks

in brand posts. The calm is the point.

No emojis

except a single arrow or dot where a platform needs a visual cue.

No countdown pressure.

No "only 24 hours", no "last chance".

REWRITE EXAMPLES

CAME IN LIKE THIS

~~Get matched 1:1 and double your NODAL~~

~~\$10 today could be worth so much more~~

~~Don't miss the airdrop, last chance!~~

~~Earn passive income with your network~~

GOES OUT LIKE THIS

Receive promotional NODAL equal to the quantity you purchased

\$10 can be your first committed NODAL position

The entry is open. Start small. Enter the ecosystem.

Your own participation never depends on inviting anyone

Every caption ends with the risk line. One call to action per post, and it is always the site.

Partners who change the words keep the risk line. If you would not say it to a friend sitting across from you, do not post it.

10 WHAT WE MEASURE.

REACH IS NOT THE GOAL. UNDERSTANDING IS.

- 01 Site visits per channel (UTMs) and time on page
- 02 Scroll depth to the "No hype" section
- 03 Starts of the entry flow, from the gateway app's dashboard
- 04 Questions asked in comments and DMs, and how many are answered within an hour
- 05 Saves and shares of poster 05. When the honest post travels, the launch is working

Weekly review: what question came up most, and does the page or the FAQ answer it? If not, fix the page before posting more.

11 WHY WE NEVER SAY AIRDROP.

PROMOTIONAL NODAL IS PURCHASE-LINKED.

An airdrop gives tokens away for nothing. Nodal Gateway's promotional NODAL is tied to a qualifying purchase and a 24-month commitment. Calling it an airdrop would attract people expecting free tokens and set up a complaint later.

We call it **promotional NODAL**, we describe it as **an additional allocation equal to the quantity purchased**, and we leave it there. The copy pack has a ready reply for anyone who asks.

12 IF SOMETHING GOES WRONG.

SITUATION	DO
A post slips through with banned language	Delete, repost corrected, note it in the weekly review
Impersonator or fake link	Report on the platform, post the stay-safe line in Telegram, pin it
Price question in comments	Reply with the support line on price. Do not engage further
Site outage	Pause scheduled posts, post a one-line status in Telegram, resume when green
Press asks about returns or price targets	Decline the question, offer the factsheet language, no speculation

The only official link is gateway.nodalwaves.com.
NodalWaves never messages first, never asks for a seed phrase, and never sends a payment address in a DM.
